

A Natural Investment: Corporate Sponsor Program

About the Organization

Rock Creek Conservancy raises funds to preserve the lands and waters of Rock Creek Park so that future generations may enjoy it. We are the only organization dedicated solely to Rock Creek and its parks, offering a unique position to foster volunteer, education, and protection initiatives to overcome threats to Rock Creek. In the past 5 years, our dedicated volunteers have accumulated over 60,000 total hours, a number that continues to soar each year.

About the Program

Rock Creek Conservancy's Corporate Sponsor Program is aimed at companies that wish to

- Give back and improve the health of Rock Creek
- Escape the office setting for team building activities out in nature
- Promote corporate responsibility by fostering environmental stewardship

As a Corporate Sponsor of Rock Creek Conservancy, your company can expect:

- A two hour event led by staff of the Conservancy
- All supplies, tools, protective gear, and training provided by Rock Creek Conservancy
- Prominent visibility opportunities in Rock Creek Conservancy media

The recommended donation for an event is based on the number of participants, which covers event materials cost and continued outdoor education of our Rock Creek Conservancy staff.

**If a longer duration or large group is desired, we ask that your donation reflect the additional staff commitment and resources needed.*

Event Types

- **Trash Bashes** – Beautify Rock Creek by removing trash from the Park and from the surrounding watershed to prevent trash from washing into the creek.
- **Ivy League** – Liberate Rock Creek trees by removing English Ivy, an invasive vine that aggressively grows up trees, eventually weakening and killing the tree. Invasive removal events are scheduled year round and volunteers must be must be 16 years or older to use tools.

For further information, please contact John Maleri at jmaleri@rockcreekconservancy.org or call (301) 579-3105 to schedule an event.
